

Climate Economics Chair Annual Conference

For our Annual Conference on **Transition & Sustainability : Crossed Perspectives**, we welcome renowned speakers from Columbia University.

Scott Barrett is a leading scholar on transnational and global challenges, ranging from climate change to disease eradication.

Geoffrey Heal has remarkably contributed to economic theory and resource and environmental economics.

In the afternoon, **Emmanuelle Wargon**, President of the French Energy Regulator, will introduce a roundtable on the path to the low-carbon economy, with a European perspective. Several professionals from distinguished institutions will then debate.

Throughout the day, 15 PhD students from the Climate Economics Chair will showcase their most recent work in poster format*.

*The event will take place on Thursday, October 10th
at Paris Dauphine-PSL University in Room Raymond Aron*

9.30 - 10 a.m. Welcome Coffee

Welcome address

Anna Creti, *Dauphine-PSL University and CEC Director*

10 a.m. - 12 p.m.

10 a.m. - 11 a.m.

Scott Barrett *Professor of Natural Resource Economics at the Lenfest-Earth Institute and SIPA (Columbia University).*

Getting to Zero' Requires a 'Big Push' : Technology Switching Treaties and the Energy Transition

45' + 15' discussion

11 a.m. - 12 p.m.

Geoffrey Heal *Professor of Economics at Columbia Business School*

Discounting the Distant Future - Ramsey one century on

45' + 15' discussion

12 p.m. - 2 p.m. Lunch

2 p.m. - 3.30 p.m.

Roundtable : The path to the low-carbon transition, where do we stand ?

Introductory speech by Mrs Emmanuelle Wargon, President, French Energy Regulator

Discussion

Fabien Bricault, Research Program Manager « Energy Scenarios and Business Models », Edf R&D

Anne Lapierre, Managing Partner, Bracewel LLP

Nathalie Lhayani, Director of Sustainable Policy, Caisse des Dépôts

Antoine Poincaré, Head, Axa Climate School

Hubert Tondeur, Head, Chaire Comptabilité CNAM and Conseil National de l'Ordre des Experts-Comptables

Concluding remarks: the low carbon transition, mass medias and citizens

Célia Gautier, Head, Expertises Climat

Marion Calais, Journalist, Expertises Climat

***PhD students from the Climate Economics Chair will present their latest research through a series of posters. Below are the titles of the posters that will be showcased.**

- Demand response when dynamic and flat power retail tariffs coexist (Julien Ancel)
- Trading profiles in the EU ETS : a latent profile analysis (Marie Raude)
- Local Policymakers' Responsiveness to Inhabitants' Climate Change Concern : The Case of Adaptation in Italian Municipalities (Francesco Savazzi)
- Recycling or downcycling ? A partial equilibrium analysis (Lise Peragin)
- Transitioning Amid Risk : What Influences Farmers' Willingness to Engage in Contractual Carbon Farming programs ? (Edith Kouakou)
- Unlocking Advanced Nuclear Investment : Balancing Operational Flexibility and Competitive Behavior Concerns with Capability CfDs (Ange Blanchard)
- Comparing the potential of meat alternatives for a more sustainable food system (Tom Bry-Chevalier)
- Green, Brown, or Gray : Which Colours Do Investors Favour for Investments in the energy sector ? (Lou Wander)
- Weather Shock and Labor Supply in South Africa Analysis of Heterogeneous Gender Effects (Ibrahim KABORE)
- Weather effects in energy seasonal adjustment: An application to France energy consumption (Marie Brugué)
- The new emission trading system on diffuse emissions in the European climate policy mix (Coline Metta-Versmessen)
- Decarbonising Risk-Averse Industrial Under Electricity market Incompleteness: A Real-Options Perspective (Jules Welgryn, Louis Soumoy)
- Compliance in fishing regulations: a social norms perspective (Zélie Gankon)
- Willingness to claim voluntary carbon offsets : market evidence of revealed preferences (Tara L'Horty)
- Biodiversity Risk, Firm Performance, and Market Mispricing (Yujun Huang)
